PROF. LEETHAM SEEKS REINSTATEMENT

Women Defent a Woman for Principal After She Had Been Given the Appointment-A New Board in Elected.

CRAWFORD, Neb., July 1 .- (Special.)-The annual meeting of this school district held last night, presented an exceptional state of affairs. Owing to deaths and resignations only one member of the old board retains his seat on the new board, and five new members were elected. During the past year the school has been under the charge of Prof. Leetham, as principal, with Miss Buncher as assistant principal, and four teachers under them. The retiring board some time ago appointed teachers for the ensuing year, giving Miss Buncher the principalship, and a male teacher the assistant principalship, and leaving Prof. Leetham out. Contracts were executed with the w teachers. Prof. Leetham remained here and was in evidence last night at the meet ing, where the main issue presented was his reinstatement as principal. His friends were out in force, and, as Miss Buncher is on a visit to the east, her interests were not so well represented. The Leetham ticket was elected as follows: J. W. Rowland, F. Shirley, E. W. Dailey, G. E. Gorton and P. G. Cooper. The attempted reinstatement of Leetham at this stage will no doubt bring on a keenly contested lawauit. The principal. on a keenly contested lawsuit. The principal, and, in fact, only, objection urged against Miss Buncher last night was that she is a woman and the strangest part of the matter is that the majority of the electors present were women, who went almost solid for the men, who cried 'Down with the women.' Prof. Leetham is an able and efficient teacher, and did good work in the school last year, but his contract expired, and Miss Buncher was simply promoted to the vacancy, without having made application therefor.
